

WONDERNEST

DISCOVERY ACADEMY

Personalised online tutoring for ages 5-12

Where curious minds take flight

A supportive place to learn

Engaging virtual lessons shaped around each learner's pace and goals.

Children are encouraged to ask questions, practise skills and grow in confidence.

SUBJECTS

Mathematics

Build confidence through clear, encouraging practice.

Reading

Patient support for capable, engaged readers.

ICT

Practical understanding for young digital learners.

Science

Explore ideas through curiosity-led support.

Grammar

Strengthen clear, confident communication.

A thoughtful start

Simple steps towards tailored support

01

Tell us what your child needs

Share their age, subjects and where support could help.

02

Discuss the right approach

Talk through suitable tutoring and scheduling with us.

03

Begin personalised lessons

Supportive online lessons shaped around their pace.

Let's talk about your child's learning
